

# Endoview™ Sapphire Lenses

Endoview™ Sapphire Surgical Contact Lenses - manufactured from single crystal sapphire - the hardest lens material on the market.

- Scratch proof
- Chip proof
- Superior fluid gas exchange optics
- Wide field viewing
- Exclusive 10-year guarantee

Our exclusive Endoview™ Sapphire Surgical Contact Lens Product Line contains a complete selection of lenses for vitrectomy including plano, prismatic, high refractive, macular magnifying and the new Asymmetric Biconcave Lens. This lens is available exclusively from RetinaLabs.com and has dual powers for normal and wide field viewing.

Endoview™ Solid Sapphire Surgical Contact Lenses - The new standard in vitreo-retinal viewing.

*In today's fast paced healthcare environment, you need an instrument company that is dedicated to business at your convenience. That's why **our offices are open 24 hours-a-day, 7 days-a-week** to serve you.*
